

E I W P C Group.

The group are to stage a display in nearby Toft Hill Community Centre. Among the display will be the Greener engine model, with a talk from its owner Dr Tom Walker. plus, over ten displays. Make a note of the time/date Friday 27th September from 13.00.

The group held a successful walk along the line in March, when 19 folks set off from Phoenix Row at the start of the journey as far as Low Greenfields.

Disappointingly still no spadework has commenced on the proposed cycling/walking route.

W A S H Group.

The group have arranged a walk along their section of the route around St Helen. This is arranged for Thursday 18th April. Those intending to walk the route, please have sturdy foot ware and to register with jraw2883aol.com Meet up in the Well car park East Green West Auckland, for 10.15.

A tidy up around the Gaunless is arranged from 10.30 on Wednesday 24th. Litter picking equipment will be provided.

Disappointingly no new work has commenced on the proposed cycling/walking route since November 2023.

B I G

The walking/cycling section has been tarmacked from the area from Jordan Bell's recycling plant to B I G installation of rail around the former Mason's Arms. At this time the now decommissioned lamp posts remain in situ. The group had the area around the Mason's Arms cut back and squared round in mid-March The next meeting of this group will be in the former Whistle Stop Cafe New Shildon 10.15 on Saturday 13th April below Brusselton Bankfoot running across right on to the trees in the photograph, with Brusselton Wood behind.
